Photo: A Head Start parent from Oakland, California with her child.

“When I was 22, I was uneducated, lacked self-esteem, and had no hope of ever going off welfare. I was afraid to try to get a job with the little skill and education I had. Head Start encouraged me to participate in groups they offered for parents. They helped me with refresher courses to get my GPA up. As a result, I graduated college and have been self-sufficient since 1997.”

Tefoni M.
Head Start Parent

The Head Start Advantage

Head Start children **reduce their vocabulary deficit by 38%** during the program year.

Head Start children are **31% less likely to have been held back** a grade.

Head Start children are **19% less likely to smoke** as adults.

High quality birth-to-five programs, like the combination of EHS and HS, **pay off 13% per year.**

American Samoa’s Head Start Workforce

80

HS and EHS jobs in American Samoa

About NHSA

The National Head Start Association is a nonprofit organization committed to the belief that every child, regardless of circumstances at birth, has the ability to succeed in life. NHSA is the voice for more than 1 million children, 200,000 staff and 1,600 Head Start grantees in the United States.

For more information, please contact us: [go.nhsa.org/Contact](https://www.nhsa.org/Contact).

*Eligible is defined as children from birth to age five who are from families with incomes below the poverty level, are homeless, and/or receive public assistance. Foster children are eligible regardless of their foster family's income.
