

Our mission is to coalesce, inspire and support the Head Start field as a leader in early childhood development and education.

From August through October, join the Families Unite campaign to make your voice heard!

What is the Families Unite campaign?

The National Head Start Association’s 2019 Families Unite campaign aims to engage Head Start families in building lasting relationships with their members of Congress. This is a great opportunity for families to unite together to activate representatives on behalf of Head Start’s model of support for the whole child, the whole family, and the whole community.

Why is this campaign so important?

By sharing your story with your members of Congress, you will be helping to educate them about the comprehensive, two-generational and community-based nature of Head Start, which is essential to Head Start’s success and impact.

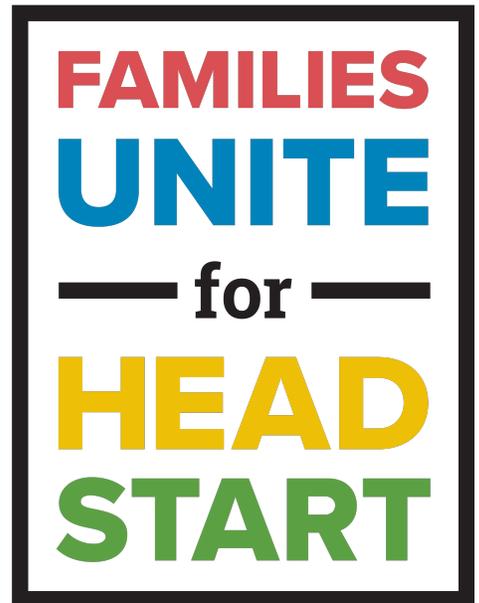

With your participation, **every member of Congress** will know that Head Start makes a difference in **every community**.

That’s why we are calling on Head Start families (just like you!) from all across the country to join us in sharing Head Start’s long and strong history of success as a united front.

How can you get involved?

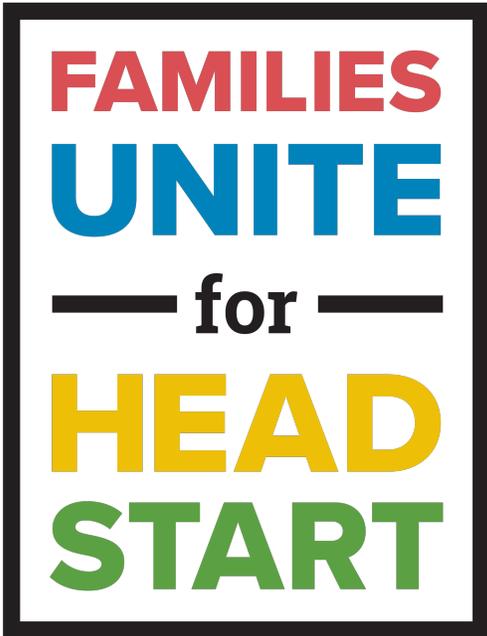

Talk to your Head Start Director today to discuss how you can get involved and learn more at go.nhsa.org/FamiliesUnite.

Questions? Text NHS A’s hotline at **(703) 739-7557** or email them at advocacy@nhsa.org.
